- Data mining/engineering (SQL, Hadoop, Apache Spark)
- Collaborative development
- UX Design Principles
- User Research and Usability testing
- Prototyping tools (Figma)
- Machine learning/AI frameworks
- Data visualisation (D3.js, Matplotlib)
- Human Centered Design

## LANGUAGES

- English (Fluent)
- Dutch (Fluent)

## PROFILE

As a dedicated and enthusiastic Human-Computer Interaction master's student with a degree in Artificial Intelligence, I am passionate about visualising data and creating explainable AI solutions that enhance user experiences. My expertise spans both technical skills such as programming, data analysis, and machine learning, as well as strong design skills, including prototyping, usability testing and user research.

I am currently looking for a graduation internship, centered around UX and UI design. Specifically around the implementation and evaluation of new agents, or updated interfaces and dashboards.

## WORK EXPERIENCE

### HSO

Work Student

2024 - present

- Sat on the service desk of the managed services department. Helping end users of clients with problems in their IT environment.

### Bregje Nijmegen

Waiter and Bartender

2022 - 2024

- Since November 2023 working as floor manager, making sure the evening runs smoothly and everybody knows what is expected of them
- From July 2022 onwards largely involved in the opening of a new location. Tasked with the training and onboarding of new staff and solving operational challenges.

### Koepelvereniging der FNWI Olympus

Chairman

2023 - 2024

- Lead and attend meetings with members, faculty or other external parties and be the face and voice of the association and present documents and reports

### Studievereniging CognAC

Secretary

2021 - 2022

- Oversee the administration of 600+ members of the association, being a first point of contact and regularly sending updates and newsletters out, as well as keeping the administration up-to-date.

## OTHER EXPERIENCES

### Mentor trainer

Trained first time mentors during the introduction week at Radboud University how to handle the responsibility and act in case of calamities.

### Student assistant (2020-2022)

Mentor for first year students through their academic year, acting as a trust contact person, all while guiding them in their first large scale group project.
